LINE MAY NOT BE EXTENDED

A Report Has it That the
I. & C. Will Not Extend
This Year.

The Enormous Expense in Pay-
ing for Right-of-Way Have Its
Effect in the Matter.

"A report has reached Conners-
ville," says the News of that city,
"which while not official, is fairly
reliable, to the effect that the work
of extending the line of the Indianapolis
& Cincinnati Traction Co. from
Rushville to Connersville will not be
commenced this spring. During the
past few months the company has paid
out an enormous amount of money for
a right-of-way to and through this
city, and it is said that financial
conditions do not warrant them in taking
up the construction work at this time.

President Charles L. Henry has just
recently returned from San Francisco,
where he went in the interest of the
company, his mission being reported to
be an attempt to interest western
financiers in the enterprise.

"The News made an effort to con-
firm the report today, and put itself in
telephone communication with offi-
cials of the company at Rushville.
They were unable to say, however,
just what would be done in the mat-
ter.

"Now that it is absolutely certain
that the line will be built, Conners-
ville people sincerely hope that its
construction will not be delayed."

The Republican, too, made an effort
to confirm the report today, but noth-
ing could be learned.

PLANS FOR THE MASONIC TEMPLE

Architect Kauffman, of Rich-
mond, Will Draw Up Plans
for Building.

The Masons have selected Architect
Kauffman, of Richmond, to draw the
plans for their new temple to be erec-
ted on the Cox lot on North Main
street.

The new building will have an 82½
front and will be 100 feet long. It
will be two stories in height, the
lower 13 feet high and the upper 17
feet. The lower floor will be divided
into four business rooms each 20 by
100 feet, and the upper floor will be
used exclusively by the lodge. It will
be admirably fitted up.

The building will be built of brick;
the front will be made of buff brick
and stone trimmings. It is not known
just when Mr. Kauffman will have the
plans and specifications finished or
when the contract will be let. The
building, however, is expected to be
completed by the middle of October.

ARE AT WORK

Swindlers who are working rural
districts in northern Indiana have
caught many farmers, who thinking
they were signing agreements for a
trial of new creamery outfit, really
put their names to notes. An un-
known man sold the paper to a broker-
age firm. It is now discovered that
all the signatures were procured
through fraud. The notes range from
\$50 to \$100.

Return of Torpedo Boats.
Saigon, French Cochinchina, April
21.—The squadron of torpedo boats,
which with the torpedo boat destroyer
Takou accompanied Admiral Joubert
to Kamranh bay, has returned to
this port.

MUST GUARD CATTLE

Railroads Liable for Damages if
Animals Cross Cattle Guards
and are Killed.

The Appellate court yesterday held
that following the ordinary practice
of railroads in the use of cattle guards
at either side of a public road will not
protect a railroad company from lia-
bility for killing stock which crosses
such a cattle guard. It declared that
the test of the sufficiency of a cattle
guard is whether or not it turns back
animals from crossing it and not
whether it has been adopted by rail-
roads for general use. A judgment
recovered by William T. Newsom
against the Pan-Handle railroad for
the value of twenty-three mules which
crossed a cattle guard made of wood-
en slats two inches apart and which
were run over by a train was affirmed.

SOCIETY NEWS

Joseph Ong and Roy Aldridge will
entertain the Senior class tonight at
the home of the former on North Main
street.

The morning exercises at the high
school this morning were splendid.
Miss Spurrier is to be congratulated
on her ability in directing both chorus
and the glee clubs. "The Morning In-
vitation," which the club sang this
morning, was very pretty.

Miss Chessie Stiers entertained the
members of the Kappi Chi club yester-
day at the country home of her sister,
Mrs. Clint Carney. The crowd was
taken out in the afternoon, and after
an elegant supper returned home.
The party was given in honor of Miss
Clarkerson, of near Muncie, and Miss
Nelle Hopping, of Indianapolis, was
among the guests.

The Ladies Musical will give a con-
cert at the assembly room Monday
evening, April 24th. They will be
assisted by Messrs. B. F. Miller and
Carl Morris.

The following program will be ren-
dered:

Quartette—"Grosses Quintette,"
Schubert, Mrs. Meredith, Mrs.
Edgerton, Mrs. McConnell, Miss
Giffin.

Piano Duet—"Sonata Op. 6," Bee-
thoven (Allegro and Rondo),
Misses Wright and Buell.

Vocal Solo—Selected, Miss Spurrier.
Piano Solo—"Thornroses," Bendel,
Mrs. Edgerton.

Duo—"Martha" Flotow, Mrs. Al-
drige and Mrs. Harris.

Vocal Solo—"All Through the
Night," Old Welsh Melody.
Quartette—"Sonata Pathetique,"
Beethoven, Mrs. Mullen, Miss
Madden, Mrs. Aldridge, Mrs.
Harris.

Vocal Solo—Selected, Mr. Morris.

Duo—"Symphony," Schubert, Mrs.
Meredith and Mrs. McConnell.

Vocal Duet—"Love Divine," from the
"Daughter of Jairus," Miss Spur-
rier and Mr. Miller.

Quartette—"Valse," Rapt, Miss Alice
Norris, Mrs. Edgerton, Miss
Giffin, Mrs. Miller.

The members of the club will be ad-
mitted free; public, 25 cents.

DEATHS

Noble Brann received a telephone
message from Greenwood, Ind., this
morning, stating that his niece, Mrs.
Luella Parks, was dead, and that the
funeral would be held at that place
Sunday at 2:30 p. m. Mrs. Parks was
the eldest daughter of Mr. Brann's
sister, Mrs. Lizzie Noble, and was
well known here.

Miss Grace Hiner died last evening
at 4 o'clock at the home of her par-
ents, Mr. and Mrs. Jacob Hiner, on
the Churchill farm, three miles south-
west of town. She had been seriously
ill for the past three weeks with ty-
phoid fever and heart complications.
She was 17 years of age and an only
daughter. She was a very talented
young girl and had a most lovable
disposition, which made her very dear
to her many friends, who mourn her
loss. The funeral services will be
held Saturday morning at 10:30, con-
ducted by Rev. Virgil Tevis. The
burial will take place at Orange.

IN CITIES OF FIFTH CLASS

Preliminary Talk for Law En-
forcement of Present
Administration.

How Governor Hanly's Influence
Will Extend to Cities Like
Rushville.

The question has arisen how Govern-
or Hanly, in his desire for law en-
forcement, will be able to control
conditions in cities that do not have
metropolitan boards or police com-
missioners. In Anderson, Elkhart,
Elwood, Hammond, Jeffersonville,
Kokomo, Lafayette, Logansport,
Michigan City, Muncie, Marion, New
Albany, Richmond and Vincennes, the
Governor, by his power of appoint-
ment of the police commissioners, can
"keep the lid on tight." It is pretty
generally understood that the Govern-
or will make the attempt to better
conditions in the other cities and
towns if it lies within his power in-
directly.

In speaking about the matter of law
enforcement in the smaller communi-
ties, Governor Hanly said that as
Governor of the State he had no di-
rect authority to interfere in local
affairs so long as there was no breach
of peace which the local officers were
unable to suppress. "The enforce-
ment of police regulations in these
communities rests primarily with
those charged with local administra-
tion," said the Governor. "The im-
proved moral tone throughout the
State, the growing desire for better
citizenship, I hope, will be sufficient
to bring about the enforcement of the
law. It is as much the duty of every
private citizen to encourage law en-
forcement, first by obedience to law
on his part, and second, by word and
personal influence as it is the duty of
those charged with the law's adminis-
tration. Public officials are public
servants, and when the public express-
es an earnest desire for a particular
policy, public officials are very likely
to make prompt and favorable re-
sponses."

It is pointed out in this connection
also that although the Governor can-
not exert direct influence on
many communities, yet he can domi-
nate indirectly, in that any prospector,
who had any care for his political
future would hesitate before going
contrary to the known desires of the
Governor. It is thought that by this
indirect influence the Governor will
be able to carry his policy of law en-
forcement into all corners of the
State.

The presence in the Governor's office
within the last few days of the police
judge appointee, that Governor Hanly
made last week raised the question as
to whether this did not mean that he
was giving them a preliminary talk as
to how he expected them to see that
the laws were enforced. Investigation
proved, however, that the little
heart to heart talks were held before
he made appointments. "I appointed
no man as city judge whom I did
not believe to be in sympathy with
the administration's efforts at law en-
forcement. And I have every confi-
dence in the men appointed, and ex-
pect them by their administration to
justify that confidence."

THE HORSE HAD HEART TROUBLE

The Connersville News says that on
Wednesday while V. D. Cianca was
enroute to his home at Bentonville,
the horse he was driving fell suddenly
in the shafts, and, although help was
secured, could not be resuscitated. Dr.
J. C. Harr was summoned quickly
and pronounced the animal suffering
from an attack of heart trouble. A
heart stimulant was administered,
which did much in restoring heart
action and in two hours the journey
was resumed.

BASS BROODERIES

Will Probably be Established in
This State by the Fish
Commissioner.

Fish and Game Commissioner Z.
T. Sweeney has announced that he is
making brooderies at Winona, Cedar
and Rome lakes, and will complete
arrangements within a week or two.

The plan is to deposit every year in
each of these lakes from 25,000 to 60,-
000 bass. The first deposit will be
made some time late in the summer or
early in the fall, and within a few
years Commissioner Sweeney says that
these places will be the most popular
resorts for fishing in the entire United
States.

These plans are being carried on
jointly between Commissioner Sweeney
and the railroads which reach the
various lakes picked out as prospec-
tive brooderies. The railroads, it is
understood, will bear a good part of
the expense of securing and depositing
the fish.

RUBY ASSAULTED UMPIRE ROBERTS

Rushville Pitcher Objects to a
Decision in the Clinton-Rock
Island Game.

In the base ball game yesterday at
Clinton, Iowa, between Rock Island
and Clinton, Jesse Ruby, the Rush-
ville pitcher, who was compelled to
go to Rock Island, objected to a de-
cision by Umpire Roberts and assault-
ed him, causing considerable excite-
ment. A dispatch from Clinton print-
ed in the Indianapolis News says that
Ruby was struck by a pitched ball and
tried to take first, when the umpire
called him back. Arguments follow-
ed, in which Ruby seized Roberts by
the neck and choked him. Police
hurried into the diamond to arrest
Ruby, who seized a ball bat and held
the officers at bay until the bat was
taken from him by members of his
own team. He was dragged from the
field by police officers and later plead-
ed guilty to a charge of assault and
paid a fine.

People here who know Ruby
thoroughly, especially the base ball
management and players, do not be-
lieve that he would have assaulted the
umpire unless he had some good cause
to do so. Ruby did not want to go to
Rock Island in the first place. He
has always been displeased with the
treatment accorded him in the Three
I League. Local ball enthusiasts are
of the opinion that the umpire surely
gave him some cause for the trouble.
Ruby has never figured in any trouble
before, but he is quick to resent any-
thing which may offend him.

POLICE ARREST AN OLD MAN

Believed to be Working a Graft—
Will Not Tell His Name or
Business.

Policeman Gordon arrested an old
man who bears the ear marks of a
"roadster" yesterday evening in a
residence district on West Third
street, near the L. E. & W. depot.
The man was engaged in soliciting sub-
scriptions for "The Woman's World,"
at the price of 25 cents per year.
The money, however, was going down
the old man's throat in the shape of
whiskey. He had obtained five sub-
scriptions. He is now in jail, where
he will be held for some time on the
charge of drunkenness. He refuses to
give his name or tell anything con-
cerning his business here. He will
probably be taken before Mayor Hall
this evening. The man claims that he
has been boarding at the Western
Hotel, but the police, upon inquiry,
learned that he had been living on
cheese and crackers purchased at Wal-
ters' grocery, near the Big Four de-
pot.

JAPAN WANTS TO KNOW

Japanese Minister Calls Upon
the French Foreign Min-
ister.

The French Response is Said to
Give Ample Assurance on all
Points Raised.

St. Petersburg, April 21.—The min-
istry of finance has received a tele-
gram from a confidential agent at
Shanghai giving a rumor that Vice
Admiral Rojestvensky has already
passed the straits of Formosa without
encountering Vice Admiral Togo.

Paris, April 21.—Acting upon in-
structions from his government, Dr.
Motonu, the Japanese minister to
France, called on Foreign Minister
Delcasse last evening and submitted
representations on behalf of the Ja-
panese government concerning the
presence of the Russian Pacific squad-
ron in Kamranh bay. An official
communication issued after the meeting
states that Minister Motonu's action
had not the character of a formal pro-
test against alleged violation of neu-
trality, but was to obtain assurances
that France would observe strict neu-
trality. Notwithstanding the official
version, it is evident that the inten-
tion and effect of Minister Motonu's
action is in the nature of a protest.

Foreign Minister Delcasse respond-
ed to the representations by the Ja-
panese minister by pointing out the
precautions heretofore taken to pre-
serve neutrality and the special in-
structions recently sent to the govern-
or general of Indo-China concerning
continued care to preserve neutrality.
M. Delcasse's assurances sought to
allay the apprehensions of Japan,
which he maintained had not been
justified by any specific facts.

The exact terms of Japan's rep-
resentations have not been disclosed,
but it is understood that while hav-
ing the usual courteous form of diplo-
macy, they set forth that serious ap-
prehensions had been aroused by the
stay of the Russian warships in Kam-
ranh bay, and the urgent desire that
French neutrality be placed beyond
doubt. The terms of the French re-
sponse, although not given out, tend
to give ample assurances upon all the
questions raised.

NEW SWINDLE BEING WORKED

Typwriters Rented and Then
Pawned by Sleek In-
dividual.

W. H. Tyrrell, of Richmond, district
agent for the Smith Premier Type-
writer company, has received the fol-
lowing which is self-explanatory:

W. H. Tyrrell, Richmond, Ind.:
Dear Sir—A young man about 21
years old, of dark complexion, smooth
face, medium height and slender, has
been traveling from town to town,
getting a typewriter in almost every
town by relating a story that he is to do
a little work for a well known firm.
The story told is reasonable, and most
always procures for him the use of a
machine. He immediately takes this
machine to a pawn shop, gets what
money he can upon it and then skips.
The name he gave in the city of Day-
ton, and his reference was that of a
well known citizen of Dayton. This
same scheme was worked in Columbus,
O., and we are fearful that he may go
still further, and we wish to place you
upon your guard in case he should
call.
Yours very truly,
THE SMITH PREMIER TYPE-
WRITER COMPANY.

Japs Pushing On.
St. Petersburg, April 21.—A tele-
gram from the seat of war in Man-
churia states that the Japanese ar-
mies are advancing northwest, preced-
ed by cavalry.

IS PERSONAL PRORERTY

Appellate Court Holds That Nat-
ural Gas is Such While Flow-
ing Through Pipes.

The Appellate court Thursday held
that natural gas, after it has been
drawn from a well into pipes, is per-
sonal property and whoever takes any
of it without the owner's consent is
liable in an action of conversion for
its value. The Marion Gas company
recovered a judgment for \$2000 worth
of gas which the Crystal Ice and Cold
Storage company had taken from its
gas mains by tapping them near the
ice factory, and this judgment was
yesterday affirmed.

RUSH COUNTY SHOULD HAVE ONE

Farmers Should Secure an Ag-
ricultural Experimental Sta-
tion For This Locality

The last legislature appropriated
\$25,000 for the purpose of making ex-
periments in agriculture at various
points over the State to be selected,
and the Republican suggests that one
of these stations should be located in
Rush county. Of course, it is proba-
ble the only experiments that could
be made here with any degree of
pronounced benefit would be in corn
growing, but such wonderful advance
has been made in the cultivation of
this product by scientific treatment in
other States that it is well worth a
trial in Indiana, and no county offers
more desirable opportunities for ex-
periments than does Rush. If our
farmers are sufficiently interested to go
after an experiment station the Re-
publican believes they can get it.

TALK OF ANOTHER TRACTION LINE

One From Fortville Through
Eden, Maxwell and Greenfield
to Fountaintown.

According to the Greenfield Tribune,
that city is to have another electric
railway and a good one. A company
of men have organized for the build-
ing of an electric railway from Fort-
ville through Eden, Maxwell and
Greenfield to Fountaintown, there
joining the Union traction line at
Fortville and the Indianapolis &
Cincinnati line at Fountaintown,
and crossing the Indianapolis & East-
ern railroad at Greenfield and the
proposed Indianapolis & New Castle
line at Maxwell. Such a road will be
of very great advantage to Rushville,
as our citizens would thereby be able
to reach practically all parts of Han-
cock county.

The men who are actively pushing
the road which has already been sur-
veyed from Fortville to Greenfield,
are Marcelles B. Walker, Fortville;
James M. McCreery, Indianapolis;
Arthur W. Jones, Alexandria; Ed-
win Downey, Anderson, and Will A.
Hough, Greenfield. There are proba-
bly a few others who will be inter-
ested. The name of the road will be the
Fortville, Greenfield & Fountaintown
Electric Railway. It will connect
with big east and west lines. Rush-
ville is for it red hot.

TEACHER'S PAY

Indiana school teachers must be paid
not less than the sum set as the mini-
mum salary by act of the legislature.
In a decision Attorney-General
Charles W. Miller declared the con-
stitutionality of the minimum wage
law for school teachers, and gave it
as his opinion that contracts made by
school trustees and school teachers in
violation of the law are void.

RURAL ROUTES SHOW INCREASE

Indiana Stands Fourth on the
List in Number of Rural
Routes.

Ninth Indiana District Has More
Routes Than Any Other Dis-
trict in United States.

A report received from Washington
states that over 5000 new rural routes
were established in the various States
and Territories during the ten months
ended April 1, last, and over 1000 ad-
ditional routes were authorized and
will be put into operation within the
next sixty days. On April 1 there
were 29,996 rural routes in operation
as against 24,566 on June 30, 1904.
Petitions for additional routes to the
number of 4521 are pending. Illinois
leads in the number of routes (having
2450 as against 2213 at the last report).
Ohio has moved up into second place,
with 2161 as against 1816. Iowa held
second place ten months ago, with
1863, and now has 2038. Indiana
comes fourth, with 1894, as against
1659.

The Ninth Indiana district has more
rural routes than any other Congres-
sional district in the country, having
a total of 301. The Eighth Indiana
comes second with 189. Indiana comes
nearer having a complete rural ser-
vice than any other State, with a total
for the State of 1894.

The other States having a large
number of routes are as follows:
Pennsylvania, 1679; New York, 1611;
Michigan, 1594; Missouri, 1544; Kan-
sas, 1367; Wisconsin, 1303; Tennessee,
1231; Texas, 1181; Minnesota 1141.
Nevada has but one route; New Mexi-
co but three and Wyoming but five.

The rural service has not as yet been
extended to the insular possessions of
the United States. During the past
year a petition was received for the
establishment of one route in Hawaii,
out of Honolulu, but it was reported
adversely. The next two years,
however will probably witness the ex-
tension of the service to parts of Porto
Rico, and possibly to Hawaii and the
Philippines.

LUCAS CHOSEN AS SECRETARY

G. A. R. Commander Will Keep
Records of Morton Monu-
ment Commission.

A the meeting of the Morton Monu-
ment Commission, held yesterday in
the G. A. R. room at the State House,
Indianapolis, the Rev. D. R. Lucas,
department commander of the State
G. A. R., was chosen secretary at a
salary of \$60 a month. Dr. Lucas
was originally appointed a member of
the commission, but resigned in order
to accept the secretaryship at the so-
licitation of the other members. The
successor to Dr. Lucas has not yet
been appointed by Governor Hanly.

MAY CLEAR IT UP

Claimed That Missing Witness to Caesar Young's Death Is Found

DIDN'T KNOW OF TRIAL

Russian Jew at Chicago Says He Was Witness of Tragedy in Cab in New York.

Unable to Read English He Did Not Know of Complications Surrounding Case.

Newark, N. J., April 21.—The Vorwaerth, a Jewish newspaper published in this city, has received a card from a Chicago man who says he thinks he was a witness to the killing of Caesar Young, for which Nan Patterson is on trial in New York city. The card is written in Hebrew and is signed by "B. Rosen, 36 1/2 Fourth street, Chicago."

The writer says he was in New York looking for work last June and was on West Broadway near Chambers street when he noticed a cab containing a man and woman. The man was evidently pleading with the woman. Suddenly the man pulled a revolver and shot himself. Rosen hurried away and knew nothing of what happened afterward. He knew nothing about the Nan Patterson case until recently, when he read about the case in a Jewish newspaper. He is convinced that Young and Nan Patterson were the pair in the cab.

EISENBERG'S STORY

Missing Witness Gives Explanation of Long Silence.

Chicago, April 21.—Samuel Eisenberg, who claims that he saw Caesar Young kill himself while in a cab with Nan Patterson in New York, was seen here today at 567 West Fourteenth street, where he is living with a relative, B. Rosen. Eisenberg is a Russian Jew, about thirty-five years of age, and unable to either speak or write English. It was necessary to take to the house a Russian interpreter in order to procure his story. Eisenberg, who is a tailor, claims that on the day of the shooting of Young he was walking along Broadway on his way to 147 State street, when he passed a cab in which a man and woman were quarrelling. The woman was crying and both were greatly excited. Their conduct interested Eisenberg and he followed them to see the outcome. At one time he said the two engaged in a struggle, but it was of short duration. Finally the woman, who was crying all of the time, laid her head on the man's shoulder. The man then reached around to a rear pocket and drew a revolver, with which he shot himself. Eisenberg declares that he became excited by the act and hurried away, as several people were hastening to the cab and there was no apparent need of assistance from him. Being unable to read English, he saw nothing of the case in the papers and had nearly forgotten all about it until the other day, when, glancing through a Jewish paper, he saw an account of the Patterson trial and concluded that the couple he saw in the cab must have been Young and Nan Patterson.

ROYAL SPORT

Mr. Loeb Finds the President Enjoying Himself Hugely.

Glenwood Springs, Col., April 21.—That President Roosevelt is enjoying royal sport in his hunt for Rocky mountain grizzlies is attested by Secretary Loeb, who returned from the camp last evening after having spent the night with the party. While the only game pulled down thus far is the bear shot by the president and the bobcat shot by Dr. Alexander Lambert, there has been plenty of recreation. Every day the dogs have followed trails that looked promising, showing that there are more bears to be found in the vicinity now being hunted. Camp will not be moved until Saturday. Then the party will locate on West Divide creek, within twenty miles of the present location, and four miles nearer Newcastle. The point toward which the party is working is Red Stone, where camp will be broken on May 14. The private car Rocket will pick up the president there and he will spend the night at Glenwood Springs. The start home will be made on May 15, with stops of one day each at Denver and Chicago.

There was no hunting yesterday. A heavy snow began to fall early in the morning and had not stopped when Mr. Loeb left the camp. It was decided to put in the day resting.

Journalists Talk Things Over.

St. Petersburg, April 21.—The congress of journalists which has been in session here privately, has developed strongly liberal sentiments. So many radical speeches have been made and such long discussions have been held that the congress was unable to conclude its sessions last night, as had been planned. It is known that the congress will recommend wide-reaching measures toward the liberation of the press as well as a political program along the lines of the programs adopted by the recent congresses of barristers and doctors.

MRS. McLEAN VICTORIOUS

Contest for Control of Daughters of American Revolution Ends.

Washington, April 21.—Mrs. Donald McLean, regent of New York City chapter of the Daughters of the American Revolution, was last evening elected president general of the national society, D. A. R.

The announcement of the election of Mrs. McLean came at the close of a session of unusual interest. It created a scene of notable enthusiasm

MRS. DONALD McLEAN.

and many of the women of the congress were nearly hysterical in the demonstration of their emotion.

Mrs. McLean received 362 votes and Mrs. Sternberg 322. A wave of enthusiastic applause swept over the auditorium and galleries. Some of the women screamed as a vent to their emotions. Others cried and became hysterical. Every delegate in the hall was on her feet. As the successful candidate appeared at the desk of the president general, Mrs. Fairbanks rose and the two distinguished women clasped hands cordially. Delegates and spectators cheered themselves hoarse at this demonstration of good will.

Body of John Paul Jones.

Paris, April 21.—The body of Paul Jones was borne from the school of medicine to the American church of the Holy Trinity on the Avenue de l'Alma, and was deposited in the receiving vault to await the arrival of the naval squadron which is to carry back the remains of the admiral to America. The body lies in the original coffin in which it was found April 14 in the old St. Louis cemetery. The coffin has been encased in a handsome oak casket, around which a large American flag is draped.

Helnze Gets Judgment.

Helena, Mont., April 21.—The supreme court of Montana has affirmed the judgment of the district court of Silver Bow county in the case of Miles Finlen against F. Augustus Helnze, the Montana Ore Purchasing company and others, better known as the Minnie Healy case, involving title to one of the richest copper mines in Butte. The decision favors Helnze.

Nomination Goes to Menzies.

Evansville, Ind., April 21.—The Democrats of the First district in convention at Evansville nominated Major G. V. Menzies of Mt. Vernon for congress on the second ballot. The names of J. R. Goodwin and R. L. Roberts were presented and there was an interesting contest. Roberts dropped out after the first ballot and Menzies was nominated.

Dyspeptic Cynics

When we say to you that modern science has produced an absolute cure for Dyspepsia, Indigestion and kindred ills, we can use no words that have not been used already in telling of other remedies.

Consequently, if you have tried other remedies and found them unsuccessful, you may be inclined to regard our statements with cynicism.

But when we say to you "We know that Rexall Dyspepsia Tablets will cure the most stubborn case," and we back up our knowledge with a positive guarantee, you cannot doubt us.

That is exactly what we say!

Read What Mrs. Jarvis Says

"Rexall Tablets are simply wonderful. I don't believe that any one could suffer more from a bad stomach than I have during the past few years, but Rexall Dyspepsia Tablets have cured me. My general health is now excellent and I can not express the satisfaction I feel from the relief I have experienced. I want everybody to know what this wonderful remedy has done for me. I can recommend them to everyone who is afflicted with indigestion.—Mrs. Rose Jarvis, Leominster, Mass."

THE NEW ARMY POST

Indianapolis at Last Made Glad by News That Delayed Plans Have Been Perfected.

Post Benjamin Harrison Will Be the Most Modern Army Post in the Country.

Indianapolis, Ind., April 21.—Reports from Washington regarding the Indianapolis army post are reassuring. It seems that arrangement are being made to begin work on it during the coming summer. The red tape procedure which has delayed matters has been very tedious and many had come to the conclusion that after all the talk the post would not be built, but Congressman Overstreet has received a letter from General Humphrey of the war department stating that the government is about ready to advertise for contracts for the buildings. The latter are to be even more commodious than originally planned. The post will be the most modern in the country and one of the largest. Nearly \$1,000,000 will be available for it this year and it is probable that \$2,000,000 will be expended before it is completed. The post will be named after the late President Benjamin Harrison. It is probable that the city and county will build a magnificent boulevard to the army post, making one of the finest drive ways in the state. The post will be within a few minutes ride on the trolley lines and about three-quarters of an hour drive from the city limits.

SMALL TOWNS WIDE OPEN

Gamblers Said to Be Active at Summitville and Other Places.

Anderson, Ind., April 21.—That the driving of gamblers from cities where metropolitan police boards are enforcing the demands of Governor Hanly may require some drastic measures for small towns seems probable, according to complaints from some of the towns in Madison county and elsewhere in the gas belt. At Summitville, midway between this city and Marion, there has been an influx of the sporting element since the laws were recently rigidly enforced in this city, Muncie and Marion. One man who had a gambling place in this city, says he shipped a roulette wheel to Summitville and other gambling apparatus went from his place to Fairmont.

It has also developed that when the slot machines played for money exclusively were ordered out of this city recently that a carload was sent to Pendleton and operated there for a short time. Frankton also is suffering from gambling.

Township Trustee Arrested.

Petersburg, Ind., April 21.—Trustee A. J. Loveless of Logan township, whom the court recently declared rightfully elected to the office, although the canvassing board ruled that Howard Brenton, Republican, had been elected by one majority, has been arrested by Sheriff Peed, accused of practicing fraud in securing his election. It is said that witnesses have been found who will testify that the Democrats offered them \$50 to vote the straight Democratic ticket in that township. It is also claimed by the prosecution that Loveless spent \$1,400 and that he could not honestly handle the trustee's office so that it would reimburse him for the outlay. Some of the heaviest taxpayers in the township are said to be interested in the prosecution.

Veteran Editor Retires.

Paoli, Ind., April 21.—The Paoli News, the only Democratic newspaper published in Orange county, has changed owners, and in the future it will be controlled by Bayless Harvey and L. O. Miller. The transfer was necessitated by the continued disablement of Major John R. Simpson, former editor and proprietor, who is still confined to his room by a paralytic stroke which he received some months ago. Major Simpson's retirement removes one of the oldest editors in southern Indiana.

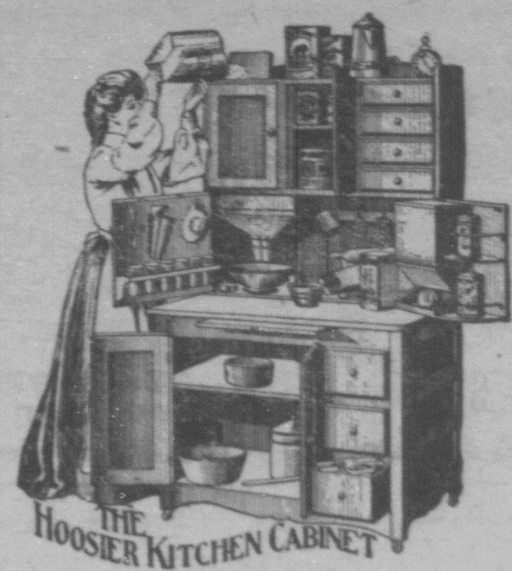

Will Assist Prosecution.

Diamond, Ind., April 21.—The Good Citizens' League of Diamond has contributed over \$1,000, which will be used in the prosecution of Jesse Down, the saloon keeper who killed Town Marshal Albert Byers on the 9th of this month. The prosecution avows its ability to prove that there had been a plot to kill the marshal, and they contend that Byers was unarmed at the time he was murdered.

Music Teachers Will Meet.

Kokomo, Ind., April 21.—Arrangements are being completed rapidly for the twenty-eighth annual meeting of the Indiana Music Teachers' association, which will be held at Kokomo the last week in June. During the four days of the meeting eleven concerts and recitals will be given, including two lecture-recitals, one on the voice and the other a piano lecture-recital.

KEEP AWAY FROM THE KITCHEN.

THIS MEANS YOU

Don't wear yourself out with needless work—don't spend the best hours of the day in a hot kitchen. Let our automatic servant make your work easier—cut your hours of kitchen labor in two. This tireless servant,

THE HOOSIER KITCHEN CABINET

is the most competent housekeeper's helper you have ever known.

It groups every thing you need in preparing a meal—each article in its own special place—all within easy reach. It saves countless wearying footsteps from sink to pantry—from pantry to range—from range to kitchen table.

This servant doesn't let you run out of sugar—flour or anything else you need every time you cook.

Hoosier cabinets take the place of a pantry—are far more convenient—because the supplies are all in one place. The large cupboards—the roomy drawers hold everything a pantry will.

The Hoosier Kitchen Cabinet has labor-saving and "supply-saving" devices no other kitchen cabinet possesses. A patent sugar-bin—insect-proof; a special sanitary flour bin—self-cleaning; Hoosier air-tight spice tins that preserve the flavor of the spices.

Every Hoosier Cabinet is made of solid oak—construction, workmanship and finish as fine as the furniture in your dining-room. The panels are built up—not the ordinary one-ply kind that warp and split in the heat of the kitchen.

There is no use paying more than the Hoosier price for kitchen cabinets, because the Hoosier is the best in construction—the most practical—the most convenient.

You can buy a Hoosier on weekly installments—a small sum down—and \$1.00 per week until the cabinet is paid for.

Hoosier Kitchen Cabinet is an investment—not an expense. It pays for itself in a short time in the waste it saves—in the leisure hours and rest it gives its owner. Don't put off doing away with kitchen drudgery a single day.

WHEAT TAKES TUMBLE

Bottom Drops Out of Gates' Deal With a Crash.

Chicago, April 21.—The celebrated deal in May wheat, attributed to John W. Gates, has received seemingly its death blow. Possibly as much as 5,000,000 bushels for May delivery was dumped on the market. As a result there was a break of 5 cents a bushel in the price, the quotations for May falling from \$1.13½ to \$1.08½. Some

JOHN W. GATES.

operators professed an opinion that the slump was due to heavy Eastern holders of May wheat unloading because of notable unrest in the stock market, the alleged purpose of the sellers being to get free to protect securities in Wall street. A much more prevalent belief, however, was that Gates, tiring of the burden, had shifted the May wheat deal to Armour and others. One thing was said to be certain—that Gates has sold tremendous quantities. When the price for May fell under \$1.10, commission people poured wheat out on stop-loss selling orders. This caused a breath-catching slide sheer to \$1.08½. The total sales of May wheat were estimated all the way from 3,900,000 to 5,900,000 bushels.

Chicago Added to Itinerary.

Chicago, April 21.—President Roosevelt, from his snowbound hunting camp in Colorado, has forwarded his approval of the tentative plans for his entertainment in Chicago on his return trip to the national capital. Messages have been received by the Merchants', Hamilton and Iroquois clubs from Secretary Loeb, stating that the nation's executive had accepted the invitation of all three organizations to become their guest during his brief visit to the city. The date of the president's visit has not been fixed, but will be dependent upon the length of his engagements in the West.

Harry Matlock lost his watch Wednesday night at the corner of Ashworth & Stewart's drug store, and was found by Mr. Gus Wilkerson. An insertion of an "Adlet" in the Republican yesterday restored the watch to its owner. "Want Adlets" in the Daily Republican bring speedy results.

Greensburg Review: A sight unusual to the citizens of Greensburg and Decatur county prevailed at the Big Four passenger station this morning in the form of ten young men wearing the garb of Uncle Sam, and handcuffed in pairs. The men were deserters from an Illinois regiment and in charge of six guards were being taken to Ft. Thomas, where they will be tried on the above charge. They had only been at large a few months and were taken in the East.
